

## R Betts Construction Ltd

### 5.2 Environment Policy ISO 14001:2015

It is the policy of R Betts Construction Ltd to manage its activities in such a way that reduces their environmental impact to a practicable minimum. The Company is committed to continual improvement of its environmental performance, including a reduction in pollution were possible and intends to achieve this by setting clear environmental objectives and regularly monitoring progress against them.

In order to regulate and monitor the environmental performance the Company will operate a management system that meets the requirements of ISO 14001:2015.

R Betts Construction Ltd will:

Ensure that this policy is understood, implemented and maintained at all levels of the Company and provide the necessary resources to achieve this.

Ensure that all employees and sub-contract workers are aware of the potential environmental effects of their activities and the environmental benefits of improved performance.

If requested provide public access to information on the environmental performance on the Company.

Comply with all existing regulatory legislation, consents and codes issued at European, National and local levels and adopt a pro-active attitude in anticipating future regulatory requirements.

Document, implement and maintain an environmental management system that will provide a framework for setting environmental objectives and targets.

Inform our suppliers of our environmental policy and encourage them to do the same.

Managing Director
